

Social and Emotional Learning at the Fremantle LDC

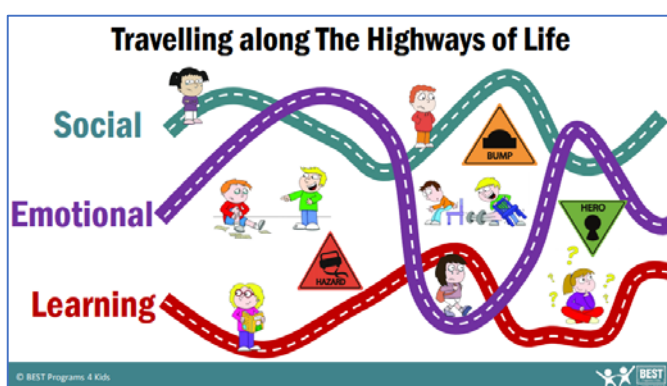

In Semester 2, all classes at the Fremantle Language Development Centre will be implementing the Best Programs 4 Kids social and emotional learning programs:

Little Highway Heroes - Pre-primary to Year 1
Highway Heroes - Years 2/3.

Best Programs 4 Kids' is an evidence-based, comprehensive, age appropriate and active teaching and learning program for introducing and consolidating social, emotional and learning skills. The authors, Claire Orange and Helen Davidson developed this program to help children successfully negotiate the BUMPS that they encounter on their Highway of Life.

Both programs work on the analogy that children travel along the Highways of Life. These are the Social, Emotional and Learning Highways.

A significant part of the program is parental involvement. Home activities and updates will be provided to you by your class teacher to enable you to assist your child to consolidate their learning at school. If you would like to read more about Best Programs 4 Kids, go to the following: <https://bestprograms4kids.com/>. See below for some of the language/ concepts we will be learning:

Leader Resource 1 - Supa Thinkin and Stinkin Thinkin
